National Institute for Nursing Research Pre/Post Doctoral Poster Session:

The Council for the Advancement of Nursing Science has invited the National Institute of Nursing Research (NINR) to host a Poster Networking Session at the 2009 Council Special Topics Conference.

Along with offering excellent networking opportunities, the goals of this session are to share successful strategies used by the Fellows, provide a forum to promote NINR training opportunities and highlight the scientific productivity of NINR-funded research projects.

Poster presenters must be NINR Pre or Post Docs. Posters will be displayed all day for Conference attendees to view, but the Poster Networking Session will be between 12:00 pm and 1:30 pm, when participants will stand by their posters to present their research.

I plan to present my poster during the NINR Pre/Post Doctoral Poster Session.

Please submit a 250-word abstract highlighting your current research to Joy Burwell at jburwell@aannet.org. Your abstract should include:

Title: A brief statement of the nature of the investigation or purpose of the project.

Authors: All authors and affiliations.

Aims: The overall purpose, research question, or study hypothesis.

Methods: The study or project design and methods (sample, procedures, measures, and/or data analysis).

Results: The study or project findings or products.

Conclusions: The overall impact of findings and relevance to nursing or healthcare science.

Note: Posters will be accepted on a first come basis; spots are limited.
